

TAFT CHOSEN PRESIDENT BY MAJORITY OF VOTES

Continued From Page 1.

for governor, led Davidson, Republican, by about 1,800 votes. Returns from the Trempealeau assembly district indicate the defeat of Speaker Herman L. Ekern, La Follette Republican, who ran on an independent ticket against Albert J. Tweene, the primary nominee. Tweene's plurality is estimated at about 150.

COLORADO.

Denver, Nov. 3.—With thousands of scratched ballots yet to be counted and returns on straight ballots complete in no county, town or community in Colorado, conditions at midnight are such that it is impossible to give even an idea of how the state has gone. It is estimated that more than fifty per cent of the ballots cast throughout the state were scratched. Outside of Denver and Pueblo, Bryan and Taft are running neck and neck on straight ballots, with definite returns from no point. In Denver, Taft seems to lead, but the Democratic managers claim they will carry the city and county. Pueblo, figuring from returns on straight ballots, Bryan has the advantage. All over the state local issues influenced the voters and this accounts for the heavy scratching. It is not likely that definite statements of results can be made before late tomorrow.

MISSOURI.

Kansas City, Nov. 4.—Unofficial returns from nearly every county in Missouri point to a plurality of at least 20,000 for Bryan, the elector of the Democratic ticket by a smaller plurality. Cowherd, Democrat, for governor, running some thousands ahead of the Republican ticket, the defeat of Governor Folk by United States Senator William J. Stone in the Democratic balloting for United States senator, and the selection of a congressional delegation of unchanged political complexion, a Democratic gain of one seat being offset by the loss of another seat.

At St. Louis headquarters it is declared that Stone's majority over Folk is 30,000. Only Democratic congressmen for the remainder of the number of Republican votes for Folk being void.

The legislature will, in obedience to ballot, elect William J. Stone to another term in the United States senate.

In the Kansas City district, E. C. Ellis, Republican congressman, defeated by William P. Borland, Democrat, and in the Fifth, or Joplin, district, Charles H. Morgan, Republican, is elected over Representative Thomas Hackney.

St. Louis, Nov. 3.—Missouri has given its electoral vote to William J. Bryan by a plurality estimated at 30,000 to 35,000. The governorship is in doubt, though William S. Cowherd, Democrat, is leading Herbert S. Hadley, Republican, in the early returns. Cowherd, however, is running behind Bryan and there is a possibility that he is defeated.

At midnight it is impossible to make an estimate on the outcome of the senatorial primary in the Democratic party, scattering returns give William J. Stone 35, and Joseph W. Folk 3,822.

NEBRASKA.

Lincoln, Neb., Nov. 4.—The complete count of the city of Lincoln gives Bryan a plurality of 82.

OKLAHOMA.

Guthrie, Okla., Nov. 3.—Oklahoma has continued loyal to the Democratic party, but the majority has been reduced materially. Bryan's lead, estimated at only 25,000.

The five members of congress, four Democrats and one Republican, have been re-elected. The legislature is expected to choose a Democratic majority.

At the Supreme Court S. W. Hayes, both Democrats, were re-elected.

ILLINOIS.

Chicago, Nov. 4.—At 1 o'clock the returns showed conclusively that Taft had carried the state by 150,000 to 175,000. The Republican candidate for governor, was elected by a plurality estimated at 40,000 to 60,000. The next legislature will be composed of 38 Republicans and 34 Democrats in the senate, and 215 Republicans and 215 Democrats in the house.

The congressional delegation from Illinois, which will be composed of 17 Republicans and five Democrats.

MASSACHUSETTS.

Boston, Nov. 3.—The Republican national and state candidates swept the state today and all eleven Republican congressmen were re-elected. Both branches of the legislature will be Republican by heavy margins.

Early estimates indicate a plurality for Taft of 150,000.

The plurality of Lieutenant Governor Eben S. Draper, Republican, for governor, is estimated at 60,000.

OREGON.

Portland, Ore., Nov. 3.—Returns gathered by the Associated Press up to 1:30 o'clock tonight indicate that Taft's plurality in Oregon is about 15,000.

KILLED IN COLLISION.

Washington, Nov. 3.—Early today a collision occurred in the Potomac river between the Norfolk & Washington steamship company's Washington and the ferry boat Lackawanna, bound from Washington to Alexandria. Samuel Belanek, 40 years old, a merchant of Alexandria, who resided in this city, was killed.

The collision is said to have been due to a misreading of signals and inability to stop in time. The Washington was on account of the low stage of the water, to properly handle the ferryboat. The starboard side of the Lackawanna was torn away and the bow of the city of Washington was slightly damaged. The Lackawanna was beached.

ALLEGED TRAIN WRECKER.

Chippewa Falls, Wis., Nov. 3.—John McMillen was arrested today on the charge of wrecking the Duluth and Iron Range railway train on the main line at Chippewa Falls, Wis., last Thursday. He is said to have confessed to his work on the wrecking of the train.

The train when it was wrecked was going fifty miles an hour and was thrown off its track because a rail had been removed. Fortunately only eight persons were slightly hurt.

FINANCE REFORM BILL.

Berlin, Nov. 3.—The imperial finance bill to be introduced in the reichstag, will produce according to the latest estimates, \$19,000,000 a year. It includes the assessment on the spirits monopoly which is expected to yield \$25,000,000; a fresh tax on tobacco \$19,200,000; a succession duty, \$25,000,000; a duty on beer, \$25,000,000; a duty on wines, \$5,000,000; duties on electrical, \$15,000,000; and duty on advertisements, \$5,200,000.

FATAL FEUDAL WAR.

Lexington, Ky., Nov. 3.—As a result of a feud of a few years ago, a battle was fought between two families, the Allen and the Granger, last night. Alvin Granger, aged 22, was badly injured, and Clarence Sherran, who died the morning after, was shot in the head, but managed to escape to the mountains. Eight barrels of whiskey shipped into town for the election brought on the election trouble.

NEW PLAN SUGGESTED.

Washington, Nov. 3.—General Henry Sharp, commissary general of the army, in his annual report, recommends the service corps in the army to perform the work of the subsistence and quartermasters' departments, which is now done by soldiers of the line detailed on special duty. He says the detailed men cannot give satisfactory service under existing conditions.

ality in Oregon will exceed 25,000. It is believed that he has carried every county in the state. Multnomah county, the largest in the state, will give him a plurality of about 9,000.

The Republican state committee claims the state for Taft by approximately 25,000, and the Democratic committee concedes a plurality of 15,000.

Topka, Kan., Nov. 3.—Kansas election returns are still very incomplete, owing to the long ballot and the late hour of closing the polls. The returns seem to substantiate the claims of the Republican state committee that the entire Republican state ticket, headed by Walter R. Stubbs for governor, has been elected by about 25,000 plurality, and that Taft's majority is a few thousand votes larger. The Republican majority in the new legislature will be large, assuring the election of J. L. Bristow, formerly fourth assistant postmaster general, as United States senator to succeed Chester J. Long. The present delegation in congress—eight Republicans—has been re-elected mostly by increased majorities.

NEW YORK SETTLED IT.

New York, Nov. 3.—Governor Hughes won by over 50,000 plurality the biennial battle of high bridge, which was waged again today as the regiments of ballots were marshaled.

Hughes came down to the city from up state with an indicated plurality of about 51,000. Chanler's plurality shout of High Bridge was approximately 48,000. The vote of two years ago was increased by about 10,000; Chanler surprising the Democratic leaders by an unexpectedly large vote in the rural districts, but lost tremendously in the city of Greater New York, where his followers had expected at least 100,000 plurality.

At State headquarters it is declared that Stone's majority over Folk is 30,000. Only Democratic congressmen for the remainder of the number of Republican votes for Folk being void.

The legislature will, in obedience to ballot, elect William J. Stone to another term in the United States senate.

In the Kansas City district, E. C. Ellis, Republican congressman, defeated by William P. Borland, Democrat, and in the Fifth, or Joplin, district, Charles H. Morgan, Republican, is elected over Representative Thomas Hackney.

St. Louis, Nov. 3.—Missouri has given its electoral vote to William J. Bryan by a plurality estimated at 30,000 to 35,000.

The five members of congress, four Democrats and one Republican, have been re-elected. The legislature is expected to choose a Democratic majority.

At the Supreme Court S. W. Hayes, both Democrats, were re-elected.

The congressional delegation from Illinois, which will be composed of 17 Republicans and five Democrats.

Re-elected congressman from Utah by 15,000 plurality.

through the state. Taft received a small majority in two counties, and Watson, the Republican candidate, carried three counties. Taft carried two wards in this city. All the Democratic congressmen were re-elected, and the re-election of Senator Clay, Democrat, is assured.

MARYLAND.

Baltimore, Nov. 4.—Belated returns from the counties show continued gains for Bryan and Republicanism. It is estimated that Taft will carry the state by about 800, basing this on advices received up to 4:15 a. m. The Republicans have lost very heavily in both the Fifth and Sixth districts. Congressman Mudd's plurality of 3,283 of two years ago is reduced to 425. The entire Republican state ticket is elected. The election of Wesley L. Jones to succeed Levi Ankeney as United States senator is assured. Republicanism is equal to Bryan in the state will reach 12,000, and the prohibitionists cast about 3,500.

Baltimore, Nov. 4.—Returns from the counties continue to dribble in and those received up to 3:30 a. m. indicate that Taft's advantage gained in this city is overcome, at least in part, by the vote of the counties. At this time the American (Republican) claims only 1,600 for Taft in Maryland as a whole.

MONTANA.

Butte, Mont., Nov. 3.—The returns at this time, while very incomplete, seem to indicate that Taft will carry Montana by a small margin, but that Donaghy, Republican nominee, is still far from complete and while Republicans do not expect further changes against them they are not impossible.

Baltimore, Nov. 4.—Returns from the counties continue to dribble in and those received up to 3:30 a. m. indicate that Taft's advantage gained in this city is overcome, at least in part, by the vote of the counties. At this time the American (Republican) claims only 1,600 for Taft in Maryland as a whole.

NEVADA.

Reno, Nev., Nov. 4.—Returns up to 3 a. m. indicate that the Democratic ticket has been generally successful throughout the state. Counts will not be complete for two or three days.

DELAWARE.

Wilmington, Del., Nov. 3.—Taft's indicated plurality in Delaware is 3,000, and the Republican state ticket, headed by Simon S. Penness, for governor, is elected by about the same plurality.

VIRGINIA.

Richmond, Va., Nov. 4.—Virginia gave her electoral majority to Bryan yesterday, the state going for Bryan by nearly 25,000.

TENNESSEE.

Knoxville, Tenn., Nov. 3.—The returns up to midnight indicate that Bryan will have about 22,000 plurality in the state.

VERMONT.

White River Junction, Vt., Nov. 3.—Complete returns from the state of Vermont give Taft 23,382; Bryan 11,888; Green, 719. Taft's plurality, 27,504.

What an Eminent Medical Man Says

Dyspepsia Really Is—Then

Gain Hope.

"This affection called Dyspepsia, is the greatest enemy of civilized life, and is to be considered rather as an unnatural functional difficulty than as a structural disease."

The same authority has classified dyspepsia thus: The first form due to relations with other organs which are in a morbid and unhealthy state, which is characterized as a reflex action. Of such a type is the nausea and vomiting caused by irritation of brain, lungs, liver or uterus.

The second form is caused by faulty supply of gastric juice, made evident by slowness of digestion, long retention of food in the stomach, distress for a long time after meals, accompanied by weighty and uneasy feelings at pit of stomach, composition of food in alimentary canal causing fetid and foul gases and the appearance of undigested food in the evacuations from bowels.

The third and last form of dyspepsia, according to this renowned medical light, is that which accompanies some abnormal quality of the gastric juice, combined with a partial paralysis of the stomach's muscles so that this organ cannot sufficiently mix the food with the digestive fluids.

Stuart's Dyspepsia Tablets will remedy each condition of a stomach afflicted with dyspepsia as above described.

These tablets contain digestive agents which act with the aid of the stomach. One grain of an ingredient used in these tablets will digest 3,000 grains of food in a few minutes. It is a powerful agent so that the digestion can be seen by the human eye.

They help the stomach, enrich the blood, revitalize the gastric juices, give strength to the alimentary nerves and glands. They are recommended by every druggist and 20,000 physicians who use an uncombined them.
